### ***Accidents or Illness during School/Religious Education***

Any serious illness or accident is to be brought to the attention of the DRE/DYM, the principal and the school nurse, if available, as quickly as possible.

If the situation warrants it, the parent or guardian is notified. When the parent or guardian cannot be reached, the local police department or law enforcing agency is notified to assist in locating the parent/guardian.

An emergency pupil information file should be available for quick reference. Cards, updated each year, contain information listing the parents' and another competent adult's address, the telephone number at home and at work, the name and telephone number of the family physician, hospital preference and pertinent data needed in case of an emergency.

An accident report must be placed on file regarding all accidents resulting in significant injury occurring to and from the parish facility/school, as well as in the school/parish facility itself.
